Prompt

2024-25 Topic

Create a website for your school's guidance department so students can easily search job postings and employers can easily submit them.

Your website must include the following functionalities:

- A page for employers to submit postings
- A backend panel to approve or delete postings
- A page displaying the approved postings
- A page for students to apply for the posting

Note: Website does not have to be live. If partnering with your school, permission must be received from the school to make the website public.
